NEW COURSE NEW BEGINNINGS

All senior secondary students now complete a VCE certificate #

The NEW VCE Vocational Major and Victorian Pathways certificates will commence in 2023. Assessment structure, rigor, applied learning focus and a formalised curriculum are the key aspects of the VCE Vocational Major.

All students studying the VCE Vocational Major will receive a VCE certificate upon completion. This change represents an opportunity for schools to implement a new program, new structure, new content and create new beginnings.

ABOUT US

With over 40 years' experience as teachers in Victorian schools and then as vocational education experts, eduClick is aware of what is required to assist teachers with their classroom needs. We pride ourselves on our knowledge of the education system and are determined to assist schools in supporting, implementing and delivering the VCE Vocational Major.

SERVICE

As ex teachers we are aware response times are important. We are experts in this space and are here to help schools and teachers with all of their needs.

CONTENT

Our history of content development in schools is second to none. We continually update our materials to ensure schools have the widest range of resources available for their students.

PD

Face to face and on line, we ensure you are up to date with any changes. We provide PD's to all teachers in all areas of the state.

VCE VOCATIONAL MAJOR WHAT YOU NEED TO KNOW

The VCE Vocational Major is a two-year program which allows students to complete a structured and formalised applied learning VCE curriculum in years 11 and 12. Students will complete units 1 to 4 just like a normal VCE program and will be required to complete both academic and practical assessment requirements.

16

Units for certificate completion over the 2-year period

3

Literacy units (can be a VCE English)

2

Numeracy units (can be a VCE Maths)

2

Work Related Skills units

2

Personal Development Skills units

2

VET credits at Certificate II level or above (180 hours)

WHO ARE THESE COURSES FOR?

**CURRENT**

Current VCAL students

**NON-SCORED**

Students completing a non-scored VCE

**PATHWAY**

Students not desiring an immediate university pathway

**APPLIED LEARNING**

Students interested in Applied learning

WHATS CHANGING

The introduction of the VCEVM in 2023 will see a dramatic overhaul of units of study from VCAL to VCE. All VCEVM units are now designed to follow a VCE structure and do not align to any VCAL units.

WHATS NEW IN THE VCEVM

- 2 year certificate, years 11 and 12
- Structured pathways for students, students follow units 1 to 4 as the VCE
- No longer are there foundation, intermediate and senior levels
- Unit design has key skills, key knowledge, outcomes and areas of study
- Current VCAL units have little to no overlap to new units
- Schools can no longer supplement subjects for WRS ie,schools can not complete a VET certificate instead of WRS as this is not allowed
- Assessment is conducted internally by the teacher and is housed under the same VCAA audit conditions as any VCE subject
- No more VCAL quality assurance processes

WHAT'S CHANGING FOR 2023

- VCE Vocational Major at year 11 for all students (year 12 students to enrol in the VCEVM yet will fully transition curriculum in 2024)
- New VCEVM units at year 11 must be introduced in 2023, year 12 VCEVM units in 2024
- Schools will need to develop complete new coursework for all units of the VCEVM at year 11 (units 1&2)
- No overlap from the previous VCAL units (an example is the complete removal of OH and S in WRS)
